Maths	Using the clock you made last week- Get someone at home to challenge you to show lots of o'clock and half past times. Practise telling the time throughout the day for o'clock, half past, quarter to and quarter past.	Practise odd and even numbers. "Even Steven and Odd Todd". Even Steven always have a friend with him. Odd Todd is on his own. Practise sorting objects and deciding if the number is odd or even.	Find five things in your house that hold less than 1 litre. Draw a picture of 5 of these containers. Litres describe the about of liquid something can hold. This is called 'capacity'.	Count in 3s up to 30 out loud. Count in 2s up to 50 out loud. Count in 5s up to 50. Count backwards starting at 27,34,29,19 and 21.
Literacy	Can you write five sentences about your weekend? Remember your capital letters, finger spaces and full stops.	Write down five questions for Miss. Walsh. I will reply to them by email! Don't forget to use your capital letters.	Find an object in your house that starts with each of the letters in your name. Line the objects up to 'spell' your name.	Describe your favourite character from your story yesterday. Use your senses to help you to describe the character- What do they look like, sound like, feel like, smell like?
Phonics	Can you write down 15 'oo' words?	Can you write down 10 'o_e' words? Can you remember what magic e does to the o?	Can you make a short rhyme with all of the 'oo' words that you found?	Play BINGO with someone at home. Make a grid with two lines down and two lines across. Now put your 'oo' and 'o_e' words in each box. Put all of your words in the middle of the table. As you turn the cards over see if anyone has the word. Cover it with a small pieces of paper. The first person to get BINGO gets to do a victory lap around the house!

Reading	Read a story with an adult at home.	Read your favourite page of your book out loud.	Choose a book. Google the book and see if you can find a video for it on yorutube. Listen to the audio and follow along with your story book.	Read a story to your teddy bear.
Art/Science	Collect some flowers and leaves. Create a 'Flower Fairy'. See examples below.	Today practise floating and sinking. Collect 10 objects around you house. Fill a bowl or a basin with water. Put the object in. Does it float or does it sink? Draw your favourite object.	Create a boat. You can try different materials to make it-paper/fruit skin/tinfoil-anything! Test does it float? Is it strong enough to hold anything? Test it out and maybe challenge someone else at home to make one too. Who made the strongest boat?	Draw a picture of your 'dream' classroom. What would be in the classroom? You're the boss-you can have ANYTHING in there!
Exercise	Enjoy a walk with someone in your family. Collect lots of flowers, leaves and twigs for your 'Flower Fairy'.	Do a 'PE with Joe Wicks' video on YouTube.	Practise throwing a ball to someone. Practise throwing with your arms above your head. Practise throwing with your arms down. Which is easier for you?	Make a target- a hoop/a box/a container. Try and throw something into the target. Challenge yourself by moving it further away.
