

4th Class

Suggestions for work that your child could complete at home:

- **TWINKL** is a website with lots of learning activities for all subjects. You can set up a free account on www.twinkl.ie/offer by entering the code IRLTWINKLHELPS.

- **GOOGLE CLASSROOM:** All girls in fourth class have an email and password to log into Google Classroom. If your child has a phone, tablet or laptop I recommend downloading the 'Google Classroom' app where I will add more links to learning games and activities, and students can share their work with me on this.

- **Maths**

There are lots of great maths games on www.topmarks.co.uk that you could play. Here are some of my favourites:

- 1) The Daily Ten (try level 4 first and make it easier or harder if you like) [Daily 10 - Mental Maths Challenge](#)

- 2) Hit the Button: great for practicing tables!

<https://www.topmarks.co.uk/maths-games/hit-the-button>

- 3) Decimals game: which decimal is bigger >
or smaller <

<https://www.teacherled.com/iresources/decimals/compared/ecimals/>

Gaeilge

We were learning about éadaí (clothes) last week. Can you remember how to say these words?

Bristí géine (jeans)	Uaireadoir (watch)	Léine (shirt)	T-léine (tshirt)	Scairf (scarf)
Miteoga (mittens)	Riteoga (tights)	Lámhainní (gloves)	Sciorta fada (long skirt)	Sciorta gearra (short skirt)
Carbhat (tie)	Gúna oiche (night dress)	Bróga (shoes)	Geansaí (jumper)	Seaicéad (jacket)
Hata (hat)	Stocaí (socks)	Blús (blouse)	Buataisí (boots)	Seaicéad géine (denim jacket)

Use these words to play some games that we've played in class:

- Focal Leadóg (word tennis). Play with a partner or time yourself to see how many words you can say in 30 seconds!
- Kahoot: I've made a Kahoot quiz about Éadaí! Go to www.kahoot.it and enter the code: 0291633
- Play Biongó (Draw six boxes and ask someone at home to call out some words)
- Play 'Four in a Row' with a dice (we played this in class, here's an example below: the first player to roll four words in a row wins)

1: hata	2: léine	3: stocaí	4: miteoga	5: riteoga	6: carbhat

English:

Reading: Continue to read your book in your reading folder.

Some activities you could do based on your reading book:

- ★ Draw a picture to show what is happening in your book.
 - ★ Write a diary entry pretending to be the main character.
 - ★ Write your own ending to the story.
 - ★ Describe the two main characters using as many adjectives as you can.
 - ★ Find some proper nouns and common nouns in your book.
- You can also listen to lots of stories for free on www.storylineonline.net

Spelling: 'Spooky Spellings' online game (start on level 3/4) on

<http://www.ictgames.com/mobilePage/spookySpellings/index.html>

Writing: Write anything you like! Here are some ideas if you're stuck:

- Write a persuasive advert for a new chocolate bar you've just created.
- Write a persuasive advert for a new theme park you have opened.
- Write a procedure called "How to look after a baby"
- Write a Haiku poem about St Patrick's Day.
- Write a narrative story that begins with the line "It was a dark and gloomy night..."
- You could also practice your cursive handwriting!!

Geography: Why not research a country of your choice and make a project on paper or on a powerpoint!

Research ideas: food, places to see, capital city, currency (money), population, continent it is in, language and some phrases and any other interesting facts you find!

Useful research websites: www.ducksters.com

www.kids.nationalgeographic.com

www.kiddle.com

Songs and Online Games

- This song will help you to revise the seven continents of the world
<https://www.youtube.com/watch?v=K6DSMZ8b3LE>
- These games will help you to revise the seven continents and five oceans of the world
<https://world-geography-games.com/continents/>
<https://online.seterra.com/en/vgp/3287>

History

We've been learning about ways people communicated in the past. Look at these pictures I took in the Science Museum in London: The first 'Apple' computer, the first mobile phones, an old laptop, an old TV and cassette player. Choose one to research and see if you can find the answers to these questions:

What year was it made? What could it do?

Do people still use it now? How much did it cost?

What do people use instead of this today?

Science

Teeth

- This website has games and a wordsearch to help us learn about our teeth.
<https://www.childrensuniversity.manchester.ac.uk/learning-activities/science/teeth-and-eating/build-a-mouth/>
- You could try the 'enamel' experiment again at home using an egg, cup and drink of your choice to see its effect on our teeth.

Other Ideas:

- **Seomraranga.com "stay at home" quiz:** there is a quiz available every day until 3pm in which children can enter to win a €20 gift voucher!! Check your email after 3pm each day to see if you've won!
- Watch News 2 day on <https://trte.rte.ie/news2day/>
- Get Active: Look up "Just Dance Kids" on YouTube
- Art: Learn to draw something new using 'Art for Kids Hub' on Youtube
<https://www.youtube.com/user/ArtforKidsHub>

- Music: See if you can complete the clapping rhythm to this song... it's tricky!!
<https://www.youtube.com/watch?v=aXZWgOf2ISA>
- Science experiments: www.primaryscience.ie (click on 'classroom activities' on the left hand side of the page to search for experiments).
- Record how you've spent your time off by writing in a journal or diary.
- Play card games or board games.
