

Ms. Carty

6th Class

Hi Parents and Girls.

I hope you are well. I hope last week's work went well for you all.
Just a reminder that this work is a menu of ideas that you can choose from as you like.

There is a transition booklet for you to work with as preparation for secondary school. I hope you find this useful. This is linked below.

PRIZES: Congratulations to the girls receiving prizes this week.
There will be a prize for Kahoot winners this week. The person with the highest score will be receiving a prize in the post so please use your own first name so you can receive your prize. If there are two people with all correct answers both will receive prizes and so on.

I hope that you and your family are doing well and enjoying the lovely weather. I hope you are looking forward to the new measures in phases 1.

Just another reminder to email me any work you have done. It would be lovely to see how you are doing.

Just a reminder if anyone wants a chat please send me an email and we can arrange a time. My email is kcarty@stjosephsfinglas.net

Missing you all

Ms. Carty

Monday Maths

Number of the Day: 351,000

1. Is it odd or even?
2. What is one number before it?
3. What is one number after it?
4. What is the value of the 3?
5. Write a word problem using the number 351,000.
6. $97 + 7,860 + 17,500 =$
7. $45,000 - 19,678 =$
8. $200 + 8 + 18,982 =$
9. $100,000 - 52,500 =$
10. Ciara had 360MB of photos on her phone. Each photo was 2MB. How many photos were there?
11. $4 \times 42 \times 10 =$
12. Which is better value for money?
4 bananas for €4 or 6 apples for €5.20

Monday Literacy

Grammar : Antonyms

Antonyms are words that have opposite meanings. For example: Antonym for day = night. Match the words and make a list of antonyms from the two boxes below.

A				B			
inflated		reckless		defeated	little	farther	
	evening		closer	full	under	morning	
unpopular	big	neat			pass	messy	popular
	pass		empty	cold	deflated		cautious
over		victorious					

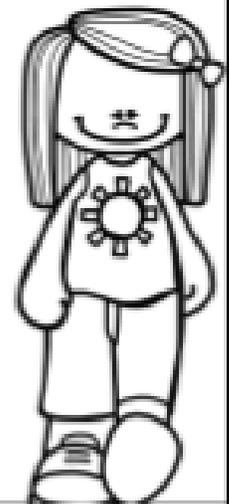

- See if you can make a list of five new antonyms (opposites) that are not mentioned above!

- Put 3 of these antonyms into a sentence!

Tuesday Maths

Number of the Day: 400,100

1. Is it odd or even?
2. What is 5 numbers before it?
3. What is 5 numbers after it?
4. Jump forwards 20.
5. $5.5 + 7$
6. $€6.50 + €30.50 + €100.75 =$
7. $€100 - €32.12 =$
8. $€52 \times 86$
9. 7, ..., 21, ..., ..., ..., ..., ..., 70, 77, ...
10. How many minutes in 6 hours and 35 minutes?
11. $56 \div \text{----} = 8$
12. Round 72,800 to the nearest 1,000.
13. $4,500 - 1,250 =$
14. The angles in an isosceles triangle add up to... ---- degrees.

Tuesday Literacy

Grammar : Antonyms

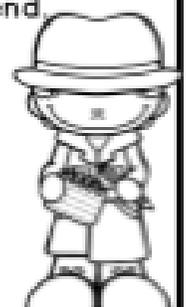

Antonyms are words that have opposite meanings. *Replace the underline words with a different word with an opposite meaning*

comfortable taller difficult young found over finished always

1. Our seats in the cinema were very uncomfortable.
2. "You never have your homework finished!" said the teacher with a smile.

Writing Wednesday

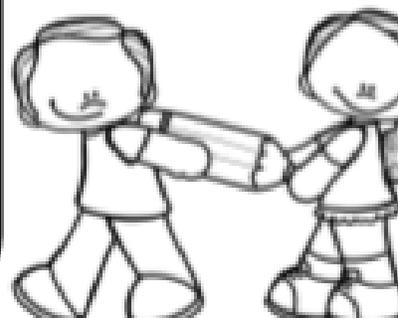

Persuasive Writing

Persuasive writing argues an opinion. It attempts to convince the reader to agree with the author's point of view. Choose one of the comments below and write a short persuasive piece arguing for or against it!

- Children should finish home learning at 1pm each day.
- People should be allowed to adopt a dog during lockdown.
- All children should have to wear school uniforms when they return to school.
- TV adverts for fizzy drinks and unhealthy food should be banned!

INSTRUCTIONS:

1. State your argument.
2. Give three reasons WHY you think your argument makes sense.
3. Back each reason up with evidence.
4. Conclude and use persuasive language to finish your argument.

Thursday Maths

Number of the Day: 567,924

1. Is it odd or even?
2. What is one number before it?
3. Jump back 10,100,1000.
4. Can you quarter this number?
5. Write a word problem using subtraction (take away) where the answer is 567,924.
6. 567,924, 557,924, 547,924
7. How many corners do each of these shapes have?
   
8. The mid day movie starts at 2 o'clock. It's on for 1 hrs 55 mins. What time does it finish at? (digital clock)
9. $743 + 8,900 + 320 =$
10. $7,900 - 6,200 =$
11. How many days in 50 weeks and 2 days?
12. Kevin had 80 jellies. He ate 50% of them and then gave half of what was left to Niall. How many had he left?

Thursday Literacy

Oral Language and Communication: Conversations

It is important to keep in contact with your friends and relatives whilst you are learning from home. Today, call a friend or relative on the phone and ask them some of the questions below.

Tell them five things you have done this week!

Describe one thing you are enjoying at the moment.

Ask them if they are feeling okay!

Remind them to keep in touch!

Offer to help them out with something if you can.

Describe a delicious dinner you ate recently. Share the recipe if you can!

Ask them what they are looking forward to doing in the next few weeks.

Talk about the work you have done this week!

Friday Maths

Number of the Day: 597,325

1. Is it odd or even?
2. Round to the nearest 10.
3. Round to the nearest 100.
4. Jump back 10.
5. Jump forward 20.
6. 597,325, 597,326 ----, ----, ----, ----
7. $36 \times 14 =$
8. Write a word problem where the answer is 597,325
9. Name the following shapes and write how many faces and vertices they have:

10. Write out your seven times tables and practice them!

HAVE A GREAT WEEKEND!

Friday Literacy Review

1. Categorise the following antonyms (opposites) into a list.

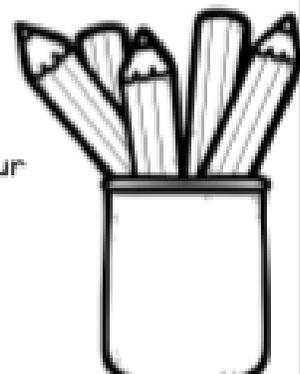

complete	bitter	question	adult	simple
complex	child		end	attack
answer	begin	defend	sweet	incomplete

2. The weekend is here!

- Write a short list of two things you are looking forward to doing at the weekend and three ways you can help around your home.

3. Reflect

- Write five sentences summing up what you enjoyed in your literacy work this week!

Remember to read for 15 minutes today!
